Welding and Cutting Applications

In most construction project settings, welding and cutting play a role - sometimes a large role - in the success and efficiency of the operation.

For applications ranging from piece work to high volume production to equipment repair, you depend upon timely and reliable supply of gases, tools, and supplies to remain on-schedule and on budget.

MATHESON Delivers:

- Certified shielding gas mixtures meeting AWS specifications
- Breathing air, confined space equipment
- Welding supplies: wire, rods, holders, electrodes
- Welding equipment: welders, power supplies, torches, regulators
- Welding apparel: goggles, helmets, gloves, jackets, blankets
- Cutting and grinding tools and supplies
- General industrial tools, saws, and drills

Welding Equipment Repair

MATHESON is your experienced partner for sales, support, and repair of welders, power supplies, and associated gas handling equipment.

MATHESON Delivers:

- Authorized repair for major manufacturers such as Miller, Lincoln, Thermal Dynamics, Hypertherm, Esab and many more
- Welding machine meter calibration and certification

Safety Equipment and Supplies

A safe work environment is no accident.

MATHESON Delivers:

- An extensive line of safety equipment from world class manufacturers
- Everything from basic personal protection equipment to gas monitors to first aid to emergency response

Forklift and Jobsite Vehicle Fuel

If your worksite vehicle fleet is fueled by propane, **MATHESON** can supply the fuel to keep your fleet in motion.

MATHESON Delivers:

- 33 pound and 43 pound packaged propane cylinders
- Bulk propane for on-site fueling
- Other size packages for special requirements
